

Interactive comment on “Evaluation of the ground surface Enthalpy balance from bedrock shallow borehole temperatures (Livingston Island, Maritime Antarctic)” by M. Ramos and G. Vieira

T. Zhang (Editor)

tzhang@nsidc.org

Received and published: 6 May 2009

The authors have made all major changes suggested by reviewers and the editor. The authors have made significant effort to revise the new version. I recommend the manuscript to be published in TC.
