Received and published: 28 February 2012

As stated in our review response, we refer to Chapuis (2011) for a detailed discussion of direct calving observations at Kronebreen. Here, we show a figure presenting the distribution of number and volume of calving event types.

Chapuis, A., What controls the calving of glaciers? From observations to predictions, Ph.D. thesis, Norwegian University of Life Sciences, Norway, 2011.
