

Interactive comment on “Influence of anisotropy on velocity and age distribution at Scharffenbergbotnen blue ice area” by T. Zwinger et al.

T. Zwinger et al.

thomas.zwinger@csc.fi

Received and published: 12 December 2013

We thank the editor and both reviewers for their positive assessments of the paper. As reported in the supplement file, we tried to answer and address all raised questions and issues, which certainly helped to clearly improve the quality of the article. We attach the resulting new version of the paper with all changes applied marked in blue color.

Sincerely,

Thomas Zwinger
