

Interactive comment on “Brief Communication: Sudden drainage of a subglacial lake beneath the Greenland Ice Sheet” by I. M. Howat et al.

I. M. Howat et al.

ihowat@gmail.com

Received and published: 16 October 2014

Thanks but 2013 was the online publication date. The print date of the volume was 2014. See: <http://www.nature.com/ngeo/journal/v7/n2/full/ngeo2043.html>

The endnote/refworks citation download gives a pub year 2014 as well.

Ian
