The authors should double-check the spelling of names. Based on other papers discussing sites in this paper, I believe:

Jakoshavn ... should be ... Jakobshavn Joughin, I., B. E. Smith, D. E. Shean and D. Floricioiu. 2014. Further summer speedup of Jakobshavn Isbræ. *Cryosphere (TC)*, 8(1), 4 February, 209–214

Streenstrup Glacier ... should be ... Streenstrup Glacier Van As, Dirk. 2011. Warming, glacier melt and surface energy budget from weather station observations in the Melville Bay region of northwest Greenland. *J. Glaciol.*, 57(202), 208–220

Zashariae Isstrøm ... should be ... Zachariæ Isstrøm (the Glacier is redundant or
C2156

should be in lower case, note also the ligature) Howat, Ian M. and Alex Eddy. 2011. Multi-decadal retreat of Greenland's marine-terminating glaciers. *J. Glaciol.*, 57(203), 389–396
