Dear Prof. Uotila,

Thank you for your comments and spotting our omission of an acknowledgement to CMIP5. We will add the following acknowledgement to recognise the hard work of the participating CMIP5 modelling teams:

“We acknowledge the World Climate Research Programme’s Working Group on Coupled Modelling, which is responsible for CMIP, and we thank the climate modelling groups (listed in Table 1 of this paper) for producing and making available their model output. For CMIP the U.S. Department of Energy’s Program for Climate Model Diagnosis and Intercomparison provides coordinating support and led development of
