

Interactive comment on “Satellite monitoring of glaciers in the Karakoram from 1977 to 2013: an overall almost stable population of dynamic glaciers” by R. M. Brahmhatt et al.

B. Raup

braup@nsidc.org

Received and published: 28 April 2015

I am grateful to the authors for citing the GLIMS Analysis Comparison Experiment (GLACE) described in "the GLIMS Book". However, this reference, Raup et al., 2014, cited in the section on uncertainties, is listed incorrectly in the reference section. It should be:

Raup, B.H., S.J.S. Khalsa, R. Armstrong, W.A. Sneed, G.S. Hamilton, F. Paul, F. Cawkwell, M.J. Beedle, B. Menounos, R. Wheate, H. Rott, S. Liu, X. Li, D. Shangguan, G. Cheng, J.S. Kargel, C.F. Larsen, B.F. Molnia, J.L. Kincaid, A. Klein, V. Konovalov (2014). Quality in the GLIMS Glacier Database. In: Global Land Ice Measurements

C600

from Space. Kargel, J.S., Leonard, G.J., Bishop, M.P., Kääb, A. and Raup, B.H. eds. Springer-Praxis, 978-3-540-79817-0.

With best regards, Bruce Raup
