Dear Professor Hanna

Thank you for the comments regarding our submission. I believe we have now addressed the revisions you have requested, including:

- Changes to wording regarding "larger" and "slight"
- clarification of the atmospheric processes which we investigate
- addition of Table references

We look forward to your response and appreciate the effort and work of the Copernicus editorial staff.

Kind Regards,

John F. Burkhart
Associate Professor

on behalf of the VAUUAV science team.
