Dear Reviewer,

Thank you for your time and attention. We have revised the manuscript addressing your suggested revisions and made several additional changes due to concerns that were discovered during the revision process (especially related to the calculation of wind direction: Revision #6 in the file "MajorRevisions_TC_AP_RDatta").

Specific responses to your suggestions are described in the file attached here: "Response_2_RDatta" All major revisions will detailed in "MajorRevi-
