

Interactive comment on “Deriving seismic velocities on the micro-scale from c-axis orientations in ice cores” by Johanna Kerch et al.

Johanna Kerch et al.

jkerch@awi.de

Received and published: 6 April 2018

We thank both referees for their detailed comments and discussion points which helped to clarify and improve our manuscript. Please find our answers to the comments of both referees in the attached supplement. We included two new figures (Fig. 2, 10) in the revised manuscript.

Please also note the supplement to this comment:
