

Review Report: tc-2017-66: Impact of impurities and cryoconite on the optical properties of the Morteratsch glacier (Swiss Alps), Biagio Di Mauro, Giovanni Baccolo, Roberto Garzonio, Claudia Giardino, Dario Massabò, Andrea Piazzalunga, Micol Rossini, and Roberto Colomb

Dear Authors,

Thank you for your thorough response. The additional materials presented were very interesting and I think the revised manuscript will make a valuable addition to the literature. I am pleased to recommend the amended version for publication in The Cryosphere.
