Dear Editor Francesca Pellicciotti

We are grateful for the opportunity to revise our manuscript (tc-2018-15) entitled “Contrasting thinning patterns between lake- and land-terminating glaciers in the Bhutan Himalaya”, and the helpful comments from three referees. Please find enclosed our point-by-point responses to three referees comments as well as the revised marked-up manuscript showing the revised sentences highlighted in blue and red. We hope that our manuscript was substantially improved and now it will be suitable for publication in The Cryosphere. We look forward to hearing from you concerning your editorial
