

Interactive comment on “CMIP5 model selection for ISMIP6 ice sheet model forcing: Greenland and Antarctica” by Alice Barthel et al.

Alice Barthel et al.

abarthel@lanl.gov

Received and published: 21 November 2019

Response to reviewers: We thank the reviewers for their thoughtful reviews and are pleased that the manuscript was well received. Both reviewers recommended to improve the conclusions section to highlight the main results of this study. We significantly increased the scope of the conclusions. They also both suggested minor corrections to improve the clarity of the manuscript, and we will endeavor to implement these changes.

Our detailed responses to each of the reviewers comments are included in the attached document.
