

Interactive comment on “Seasonal and interannual variability of landfast sea ice in Atka Bay, Weddell Sea, Antarctica” by Stefanie Arndt et al.

Jean-Louis Tison (Editor)

jtison@ulb.ac.be

Received and published: 30 March 2020

Dear Stefanie and Co,

Just as a reminder, the Discussion phase is closed, and both reviewers have recommended publication with detailed suggestions to improve the manuscript. I am therefore waiting for your "author response" with both a "detailed response file" answering all comments of reviewers, and a "revised manuscript file" in two versions: one with highlighted changes, and the other as you suggest to publish it.

Good luck with it,

Jean-Louis Tison
