Dear Dr Whitehouse,

RE: Response to Reviewer Comments

We have received two reviews of our manuscript entitled 'Lateral meltwater transfer across an Antarctic ice shelf (tc-2019-316). Overall, both reviews were supportive of the paper and its relevance to the wider research community.

Both reviewer's comments have been extremely helpful in further improving the manuscript. The specific changes made can be found in our responses below. Referee comments are italicised in *blue*, our responses are in black. Please also find attached a revised manuscript with all tracked changes. When referring to page numbers in the below text, these will be in line with the page numbers on the 'tracked changes' manuscript.

Thank you for taking your time to consider our revised manuscript, we hope it is now acceptable for publication.

Sincerely,

Rebecca Dell and co-authors
