Dear Erin Pettit,

Thank you very much for your valuable comments. We appreciate your constructive feedback, which helped to enhance the quality of our manuscript tc-2020-133 entitled “Crystallographic analysis of temperate ice on Rhonegletscher, Swiss Alps”. We attach a supplementary file with answers to your specific comments.

We have considered your suggestions for grammar and writing style and have provided a point-by-point response to your review comments.

If there are further questions, we are happy to answer them and look forward to hearing back from you regarding your decision.

Kind regards,

Sebastian Hellmann and the co-authors.
