Received and published: 4 November 2020

We have implemented the following changes in the text of the manuscript: L70-71: we do not mention about a portion of snow fraction in the annual precipitation amount, therefore the reference to the Word Atlas is excluded from the text. L80-81: both corrections given by the reviewer are done.

Interactive comment on The Cryosphere Discuss., <https://doi.org/10.5194/tc-2020-205>, 2020.
