To the Editor of *The Cryosphere*

Oslo, June 14, 2021

Dear Editor,

Following your last message on the TC platform, we are pleased to submit the last version of our manuscript now entitled *Lateral thermokarst patterns in permafrost peat plateaus in northern Norway*.

We implemented all the suggestions from the reviewers (modifications appear in brown font in the manuscript). We also identified a few typos but we did not correct them as the platform specifically asks to only implement requested modifications. We will be happy to implement them at a later stage. The code was released on Zenodo and is fully accessible at <https://doi.org/10.5281/zenodo.4915955>. The data presented in the article are permanently deposited in the Norwegian research data archive NIRD at <https://doi.org/10.11582/2021.00052>.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'LM', written over a white background.

Léo Martin
